

Office of the Vice Provost for International Affairs

**Internationalizing the Cornell Curriculum (ICC) Grant Proposal AY2018
Department Chair Endorsement**

Among the considerations that are relevant in reviews of ICC proposals and that chairs should confirm here are the following: 1) if this proposal is successful, that the associated faculty/staff member(s) are not constrained by the nature of their appointment to be able to successfully complete the proposed project; and 2) that the proposed project and associated course are sustainable in the department's curriculum following the end of the grant period. If this proposal crosses over two (or more) colleges, a chair's endorsement from each department needs to be included with the proposal.

Title of Grant Submitted _____

Lead Faculty Member _____

Department/College of Lead Faculty Member _____

Recommendation by Chair in support of grant proposal (provide comments):

Department Chair (signature)
